## **Welcome to the first Careers Newsletter!**

The aim of this newsletter is to share the Careers activities and events that have taken place; showcase success stories from students, graduates and employers; and make sure that students, parent/carers and others are informed about Camphill Wakefield's Careers Provision.

### **Information for parent/carers:**

This section will include information for parent/carers, and will explain the range of activities that students can access.

The college website has a page for parent/carers in the careers section. This is a good starting point to explore what information is available.

The student information page on the website is currently being developed to include adapted resources.

The next newsletter will have information about future Progress Evenings and how these will help you find out more about the careers provision.
