

Acceptable Use (Students) Policy

	We want everyone to use mobile phones, laptops and tablets at college in a safe and secure way.
	This is so that no-one gets hurt or upset and everyone is safe.
	You should only use your college email address for college work or contacting a member of staff.
	You can use the internet for work in college.
	You should not use the college internet for streaming music or films or for playing online games.
	You can keep safe by not sharing your password with anyone.
	You can also keep safe by logging out of the computer when you have finished.

	College IT staff will check that everyone is using technology in a safe and proper way.
	If you do not use IT devices and the internet in a proper way, then you may have your access removed.
	If you are unsure about anything then always speak to a member of staff.
